COLECCIÓN COLLECTION

Encaramados sobre colinas o extendidos junto a playas blancas, rocosas o volcánicas, los pueblos marineros han crecido a orillas del mar, moldeados por el viento y la sal. Construidos a lo largo de los siglos, conservan una serenidad única, reflejada en sus calles irregulares y en sus casas coloridas o completamente blancas, siempre desordenadas, siempre vivas. Lugares donde el tiempo parece detenerse y donde cada rincón conserva un encanto único.

La colección **Marine** rinde homenaje a **la tradición marinera y al espíritu artesanal** que nos define. Como los marineros que reparan redes con paciencia o pintan las barcas al sol, en **Hisbalit** trabajamos cada mosaico de forma manual, pieza a pieza, manteniendo viva la esencia del oficio. Cada diseño refleja la dedicación y el cuidado que caracterizan nuestra forma de entender el trabajo: un proceso artesanal que combina precisión, sensibilidad y respeto por la materia.

Perched on hillsides or stretching along white, rocky or volcanic beaches, seaside villages have grown by the sea, shaped by the wind and the salt. Built over the centuries, they retain a unique serenity, reflected in their winding streets and their colourful or completely white houses — always irregular, always alive. Places where time seems to stand still, and every corner holds its own charm.

The **Marine Collection** pays tribute to the **maritime tradition and the artisanal spirit** that define us. Like the sailors who patiently mend their nets or paint their boats under the sun, at **Hisbalit** we craft each mosaic by hand, piece by piece, keeping the essence of craftsmanship alive. Every design reflects the care and dedication that characterise our way of working: an artisanal process that combines precision, sensitivity and respect for the material.

Inspirada en los pueblos marineros

En **Marine**, el saber hacer tradicional y la belleza imperfecta de los materiales naturales se unen al diseño contemporáneo para proponer diseños que combinan innovación y herencia, contemporaneidad y memoria. Los matices del agua, los tonos de la arena y la luminosidad del blanco se funden en composiciones que evocan calma y bienestar. Una colección que celebra la vida junto al mar y el valor de lo hecho a mano, con la mirada puesta en la autenticidad y en la armonía natural de los paisajes marineros.

Inspired by seaside villages

In **Marine**, traditional savoir-faire and the imperfect beauty of natural materials merge with contemporary design to create patterns that unite innovation and heritage, modernity and memory. The hues of water, the tones of sand and the brightness of white blend together in compositions that evoke calm and wellbeing. A collection that celebrates life by the sea and the value of handmade creations, with an eye towards authenticity and the natural harmony of coastal landscapes.
